

This historical nautical chart, titled "PORT METWAY to LUNENBURG", spans from approximately 40°E to 64°W longitude and 40°N to 44°N latitude. It depicts the coastline of Nova Scotia, specifically the area from Port Metway in the south to Lunenburg Bay in the north. The chart is filled with dense contour lines representing depth soundings in fathoms, with values ranging from 2 to 100. Key locations marked include Bridgewater, Lunenburg, and various bays like Liverpool Bay, Green Bay, and Kings Bay. Numerous small islands and rock formations are shown throughout the waterways. Three circular compass roses are positioned at the bottom of the chart, each centered on a specific location: one near 44°N 55°W, another near 40°N 60°W, and a third near 36°N 64°W. The chart is annotated with numerous labels for towns, harbors, and geographical features. A legend in the upper left corner provides information on symbols used for depth soundings and land features. The title "PORT METWAY to LUNENBURG" is prominently displayed at the top center, and the survey date "1867" is also mentioned.
